INVESTMENT OBJECTIVE

The Fund's objective is to protect and grow the purchasing power of investors' capital over the long term. The Fund will follow the Core Equity with Fixed Income strategy, investing mainly in global equities within a strategic range of 50-80% of the portfolio, with the balance being composed of fixed income and/or cash at the investment manager's discretion. The risk profile of this strategy is Medium. The choice of investments will not be limited by geographical area, economic sector or currency and investments are made with no reference to a market index. The fund is likely to hold 25-40 equities at any given time.

The criteria for the Compartment's investable base of companies include:

- Industry tailwinds
- Sustainable competitive advantage
- Financial strength
- Management's track record

This investment strategy is appropriate for clients with a five year plus time horizon.
